INFORMATION TO BE INCLUDED WITH APPLICATION

- a) A statement containing the name and address of the applicant;
- b) Where the application is made by two (2) or more persons the proposed sharing arrangements between the applicants;
- c) Where an Australian company makes the application its ACN and ABN, or the ARBN where the applicant is a foreign company;
- d) A statement containing the Schedule of blocks, being described by reference to the name(s) of a map sheet(s) (e.g. Darwin SD52) of the 1:1,000,000 Series, and number of graticular sections shown thereon.
Graticular block numbers are identified on maps of the 1:1 000 000 series.
- e) Maximum number of blocks/part blocks for which an application may be made is 200.
- f) An application will only be accepted over one discrete area, i.e. each block or part block must have at least one point in common with another block or blocks.
- g) An A4 map clearly delineating the application area and the boundaries of existing permit or licence areas in the immediate vicinity of the application area.
- h) The applicant's assessment of the petroleum potential of the area, including a geological and geophysical review and technical assessment, and the concepts underlying the proposed exploration program;
- i) A proposed technical works program for exploration of the blocks during each year of the term of the proposed permit.
- j) Evidence of the technical and financial capacity of the applicant to carry out the proposed technical works program and to comply with the requirements of the Act. (Normally, applicants are expected to have at least sufficient net current assets to complete the first two years' program and to provide reasonable assurance that further funds will be forthcoming) A copy of the latest annual report for each applicant company should be attached to the application;
- k) The past performance of the applicant/s;
- l) The proposed sharing arrangement where the application is made by 2 or more parties;
- m) The name of the designated operator and evidence of the technical capacity of the operator to carry out the proposed technical works program and a single address for service of notices in respect of the application.
- n) The prescribed application fee of \$3450 (*non-refundable*). Please make your remittance payable to the *RECEIVER OF TERRITORY MONIES*.
- o) Such other information in support of the application as the applicant thinks fit.
