

MINERALS AND ENERGY TITLES DIVISION

**RENEWAL NOTICES FOR EXPLORATION LICENCES AND SUBSTITUTION
EXPLORATION LICENCES**

The provision of renewal reminder notices for Exploration Licences (EL's) and Substitution Exploration Licences (SEL's), currently sent to the licence holder approximately five months prior to the expiration date, is to cease, effective 1 April 2008.

Pursuant to Section 29A of the *Mining Act* the lodgement of an application for the renewal of either an EL or SEL remains the responsibility of the licence holder.

Should you wish to seek renewal, the application may be lodged at any time prior to the expiration date of the licence.

It should be noted that the *Mining Act* does not provide for the renewal of an EL or SEL once expiration has occurred.
