SUBJECT: DREDGE OPERATIONS – OFF FORT HILL WHARF

All vessels transiting the waters in the vicinity of Fort Hill and Stokes Hill Wharf, are asked to be aware that a 22m dredge will be operating in this area from 27th February to approx. mid March 2009. This will include dredging operations at night.

Yellow flashing lights will be visible on the dredge. A yellow light buoy will mark the end of the floating dredge hose, 250m out from the wharf with additional lights placed along the hose.

All vessels are asked to avoid this area and pass at low speed.

For any other information call Darwin Harbour, on VHF Ch. 10.
