## JENKINS ROAD, STUART HIGHWAY AND ARNHEM HIGHWAY

### UPGRADE, SEALING AND INTERSECTION WORKS

Road upgrades have commenced on Jenkins Road, Bees Creek. Work is also due to commence early November 2011 on the upgrading of intersections at Stuart Highway/Arnhem Highway and Stuart Highway/Jenkins Road.

Jenkins Road will be an important access route to the new city of Weddell, as well as supporting future developments at Middle Arm.

#### SCOPE OF WORKS

##### Jenkins Road upgrade and seal works include:

- Sealing of Jenkins Road, from the Stuart Highway to Channel Island Road
- Construction of a bridge at Bennett Creek
- Culvert crossing at Bees Creek
- Upgrading of floodways
- Improvements to Jenkins Road/Channel Island Road intersection (including street lighting)
- Diversion of water-main and relocation of power poles

##### Intersection works on the Stuart Highway include:

- Installation of traffic lights at the intersection of Stuart Highway and Jenkins Road
- Installation of left turn traffic lights at the intersection of Stuart Highway and Arnhem Highway
- Extension of turning lanes at the intersections.

During construction at these locations, there will be an increase in vehicle activity.

Traffic management will be present and motorists are advised to heed all traffic devices and speed limits in place around the road works. Detours are in place.
