The Hon Peter Toyne MLA
Attorney-General
Parliament House
State Square
Darwin NT 0800

Dear Attorney-General

Pursuant to section 38 of the *Lands and Mining Tribunal Act*, I submit to you the Annual Report on the operations of the Lands and Mining Tribunal for the period 1 July 2004 to 30 June 2005.

During this period, the Tribunal's functions have been associated with planning appeals under the *Planning Act* and applications for compensation for the compulsory acquisition of land under the *Lands Acquisition Act*.

In providing this report, I advise that the Tribunal's financial services have been 'outsourced' to the Courts Supports Services section of Department of Justice. All financial statements and compliance with the financial Management Regulations have been vested in the Director of that Unit. As a consequence any financial and audit reports will be contained in the Annual Report of that body.

Yours faithfully

David Loadman
Chairperson
10 October 2005

Attachment B: Completed Matters	9

1. FROM THE CHAIRPERSON:

This is the fifth annual report in respect of the operations of the Lands and Mining Tribunal.

The Lands and Mining Tribunal came into existence on 1 June 2000 with the appointment of the inaugural Chairperson, Mr David Loadman.

Pursuant to the provisions of the *Lands and Mining Tribunal Act*, other jurisdictions are capable of being vested in the Tribunal. The jurisdiction of the Tribunal currently comprises:

- A: Planning appeals from decisions of the Development Consent Authority;**
- B: Consideration of applications for compulsory land acquisition by the Minister for Lands and Planning and applications for compensation upon such acquisition by the government;**
- C: Determination of applications for compensation under the *Lands Acquisition Act***

The Tribunal was approached and has agreed to adjudicate on appeals under the *Heritage Conservation Act*. It is the understanding of the Chairperson that the necessary legislation to bring about this situation has not yet been finalised. In addition the Chairperson has been approached in relation to the Tribunal exercising some or all of the Mining Warden's Jurisdiction under the Mining Act and has made comment as requested in relation to that proposed legislation.

**David Loadman
Chairperson
10 October 2005**

2. AGENCY ACCESS

Location: 3rd Floor, 9-11 Cavenagh Street, Darwin

Postal Address: GPO Box 2014, Darwin NT 0801

General Inquiries: Telephone 8999 1471
Facsimile: 8999 1473

Email: landsmining.tribunal@nt.gov.au

Website: <http://www.nt.gov.au/justice/graphpages/courts/lands.shtm>

Chairperson David Loadman

Registrar Nanette Burns

3. ADMINISTRATION

The Tribunal sees no point in repeating precisely the same comment in relation to Rules, Practice Directions and the Website which were the subject of comment in the previous report.

Mrs Kathy Wadrop resigned as the Registrar of the Tribunal. Nanette Burns has been appointed to the office of Registrar of the Tribunal. Regrettably a previous Acting Registrar failed to carry on the excellent work of Mrs Wadrop. Nanette Burns has conscientiously, rigorously and remorselessly tried to put, and in the Chairpersons' view has now achieved, metaphorically speaking, putting Humpty Dumpty back together again.

4. FINANCIAL STATEMENTS

The financial aspects of the Tribunal's operations are in the hands of the Court Supports Services section of Department of Justice. The financial statements relating discretely to the Tribunal will be published by that Unit as part of its duties.

5. LANDS AND MINING TRIBUNAL ACT

The hoped for amendments to the legislation commented upon in the fourth Annual Report have not yet eventuated. The Chairperson is hopeful that something will happen soon.

As noted in the Tribunal's Annual Report 2002-2003, the Tribunal requested some changes be made to the Act, including the change of name proposed, namely "Lands and Planning Tribunal", due to the fact that although there is some abstract relevance of the Mining Act, in practical terms there is no mining related function for this Tribunal. Resolution of this issue seems to be

fraught with more difficulty than the Chairperson conceived and has not occurred. This maybe because of the issue concerning the Mining Warden's Jurisdiction.

Upon compensation matters, previously dealt with under the provisions of the *Lands Acquisition Act*, being delegated to this Tribunal for disposition, it became apparent that the Tribunal's powers to sanction a decision reached solely with the consent of the stakeholders was wanting. Currently, with the assistance of the Attorney-General's Policy Department, this matter has been resolved in concept and the appropriate recommendation made to amend the legislation to expand the power of the Lands and Mining Tribunal Act so as to allow such a course of action.

6. LANDS AND MINING TRIBUNAL RULES

The Rules governing proceedings before the Tribunal are contained in Regulation Gazette 2000 No 51 and commenced on 25 October 2000. There was an amendment to the Rules published in regulation Gazette No 63 and it commenced on 10 January 2001.

Both the *Lands Acquisition Act* and the *Planning Act* have procedural provisions of their own, which in some instances over-ride the Rules of the Tribunal.

7. CHAIRPERSON'S TRAVEL OR ATTENDANCE AT CONFERENCES

On the 9th and 10th June 2005 the Chairperson attended the 8th Annual AIJA Tribunals Conference styled "The Rise and Rise of Tribunals". Topics at the conference included the increasing establishment of Generalist Tribunals. The Chairperson has reason to believe that conception of such a Tribunal in the Northern Territory is at least in contemplation by the responsible people.

8. CHAIRPERSON'S OTHER ACTIVITIES

The Chairperson continues in office as the Northern Territory's representative on the Council of Australian Tribunals ("COAT").

He holds office as Stipendiary Magistrate conjointly with his position as Chairperson. The Chairperson discharges his duties in relation to both those offices as circumstances dictate.

Finally he holds office as the Head of the Mental Health Review Tribunal NT.

9. TRIBUNAL'S FUNCTIONS

A: PLANNING ACT APPEALS

Pursuant to section 5(1)(j) of the *Lands and Mining Tribunal Act* the Tribunal is charged with discharging the functions of the Planning Appeals Tribunal. The power of the Tribunal to discharge this function is conferred by section 108 of the *Planning Act* NT.

The current panel of mediators maintained pursuant to section 122(1) *Planning Act* is Attachment A to this Report.

The Tribunal reports a continued excellent outcome in the mediation process with an overall success rate of 60%. Mediation has proved a speedy and efficient method of resolving Planning Appeals.

Where mediation has not been successful, the matter has had to be resolved in accordance with the procedure set out in the Act.

The question of the validity of the decisions of the Development Consent Authority referred to in last years report, delivered on forms that were not approved, does not seem to have eventuated in any further problem.

Statistics: From 1 June 2000 to 30 June 2005:

Planning appeals filed:	40
Planning appeals outstanding at end June 2005:	0
Planning Appeals settled at mediation:	25
Planning Appeals adjudicated by Chairperson:	15

Timeline

The average turnaround figure for a Planning Appeal from the date of filing the Notice to Appeal to completion is **93.5 days**. All decisions by law must be delivered in writing within 2 months of the Tribunal's receipt of the last relevant evidence or submission. This requirement has always been met.

9. TRIBUNAL'S FUNCTIONS (cont)

B: COMPULSORY LAND ACQUISITION - LANDS ACQUISITION ACT

The Tribunal has continued to discharge the functions specified in sub-section 5(1)(a) of the *Lands and Mining Tribunal Act*, namely to hear and make recommendations about objections to the acquisition of land under the *Lands Acquisition Act*, including objections by registered native title claimants and registered native title bodies corporate.

Although section 37 of the *Lands Acquisition Act* provides for a reference to mediation in sub-section 4A, the Tribunal is unaware of any reference to mediation having occurred pursuant to those provisions.

Sub-section 4 *Lands Acquisition Act* refers to a reference to mediation by agreement. The Tribunal is not aware of any such a reference to date.

Section 37 *Lands Acquisition Act* is a “prescribed provision” pursuant to the provisions of section 36(5) *Lands and Mining Tribunal Act*. For that purpose and in compliance with section 36(3) the Chairperson has appointed a panel of mediators who are willing to act as mediators for the purpose of section 37 *Lands Acquisition Act*. A copy of the current panel of mediators so appointed is included in Attachment A to this Report.

Despite continuing invitations to the parties in the Lands Acquisition jurisdiction to submit their disputes to mediation by the Tribunal, no party has yet elected to pursue that course.

Statistics: From 1 June 2000 to 30 June 2005:

Applications re land acquisition filed:	47
Applications outstanding at end June 2005:	2
Applications withdrawn by the Minister:	2
Decisions handed down at directions hearings:	2
Decisions after full hearings:	5
Decisions handed down ex parte:	24
Settled by Parties:	2
Objections to acquisitions withdrawn	6

The average turnaround figure for an Application re Compulsory land Acquisition from the date of filing the Application to completion is **8.5 months**. As with Planning Appeals the time for delivery of a decision is 2 months from receipt of the last evidence or submission.

Applications for Review

Although the Tribunal has not been provided with any official communication, anecdotally when an application for leave to appeal to the High Court of Australia in relation to the government seeking to acquire land at Timber Creek was heard, the fact that there had been no Native Title declaration of the relevant land in Timber Creek was perceived to preclude an application for special leave being ventilated. Anecdotally also, the High Court apparently communicated to the parties that an application for special leave would probably be favourably received if Native Title in respect of the relevant land in fact was first established at law. It is understood that matter is currently the subject of current proceedings.

The Lands Acquisition Act provides that a person aggrieved by a Ministerial decision to acquire land may apply to the Supreme Court for judicial review of that decision. By sub-section (2A) of section 45A LAA, it is expressly provided such a process does not extend to a review of the decision on its merits.

9. TRIBUNAL'S FUNCTIONS (cont)

C: APPLICATIONS FOR COMPENSATION – LANDS ACQUISITION ACT

Pursuant to section 5 of the *Lands and Mining Tribunal Act*, the Tribunal has various specified functions including determination of applications for compulsory acquisition of land under the *Lands Acquisition Act*.

As reported in the 2004 Annual Report, there was listed before the Tribunal, a claim for compensation by Hele Pty Ltd. This matter was resolved by way of the objection being withdrawn after various procedural steps had been completed.

There are two further applications by the same applicant in respect of compensation for two small areas of land. There has been little action in relation to these matters; the Tribunal believes that settlement discussions are continuing and having regard to the principle issue having been resolved, the Tribunal would be hopeful of resolution without further adjudication.

In the 2004 report the Tribunal referred to the number of other similar matters which had not been finalised, but which had not been referred to the Tribunal. The position remains the same as it was last year.

Statistics: From 1 June 2000 to 30 June 2005:

Applications re compensation filed:	6
Application finalised:	3
Applications outstanding at end June 2005:	3
