11	How the impact of kava use will be monitored within the community;	The impact of kava consumption on the personal health, community workforce, social, & cultural events will be monitored & further discussions held with the community should problems arise through irresponsible kava consumption. Homelands and Laynha council have the responsibility to take an active role in establishing & monitoring community expectations & to work with the NT licensing Commission regarding the rules controlling kava sales. Individual homelands will produce information and sales quantities and the money made through kava sales. Resource Centre health, home management, Homeland development, training and operations departments will monitor use and provide information on impact of kava use. 14	Kava introduction Process	An educative introduction program concerning responsible kava use will be undertaken in each homeland centre. The education program will include kava drinkers and non-drinkers and will address kava license regulations, the Kava Management Act, individual homeland development plans, responsible consumption levels and the unacceptability of binge drinking. The education program will be implemented by our Homeland Development and Health sections with involvement by our Aboriginal Health Worker and homeland health aids. THS will also be invited to assist in this program.
