

Media Contacts for Department of Lands and Planning and Department of Construction and Infrastructure

Monday 8 March, 2010

On 4 December 2009 the Territory Government announced the Department of Planning and Infrastructure would be split into two agencies; the Department of Lands and Planning (DLP) and the Department of Construction and Infrastructure (DCI).

The media function for both departments has been coordinated up until now by DLP. From today DCI has a new Media Manager, contact details below, who will assume responsibility for all media enquiries related to DCI.

As a general guide for media enquiries, DLP manages strategic planning, land release and land services, as well as road network issues and transport services.

DCI is responsible for government construction programs, road reporting and closures, building assets, civil construction and major projects.

MEDIA MANAGER CONTACTS:

Department of Lands and Planning
