GUIDE TO ATTACHMENTS
ALTERATION PERMIT APPLICATION

The following information is provided to assist with the preparation of the application package and contains information on the content and required number of copies of each attachment.

ATTACHMENT A - EVIDENCE OF EXISTING USE

ONE (1) COPY REQUIRED

Evidence of existing use is required to confirm that the works were in existence prior to the commencement of the relevant planning scheme. It is recommended that you liaise with Development Assessment Services staff prior to lodging your application to confirm that evidence to be provided is sufficient.

Evidence may be in the form of government correspondence verifying existing use rights, dated photographs, statutory declarations, dated approved building plans or other means depending upon availability of documentation.

ATTACHMENT B - DIMENSIONED PLANS

FOUR (4) COPIES REQUIRED at A3 size

NOTE: Where original plans have been prepared at a size larger than A3, two (2) additional sets of plans at the original size are required.

Dimensioned plans are required as part of this application. Depending upon the complexity of the Alteration Permit application, or if you are having difficulty understanding these requirements, it may be in your best interests to engage a design professional to assist you in the preparation of your application or to prepare it on your behalf.

If you consider some of the following information is unnecessary due to the nature or location of the particular variation, the information may be omitted from your application. The Department of Planning and Infrastructure will then decide whether the information is required prior to assessing the application.

PLANS SHOWING THE INFORMATION INDICATED BELOW ARE REQUIRED.

A site plan at a legible scale, not less than 1:500, showing the following information:	
1	The north point, area of the existing parcel and boundary dimensions.
2	Existing and proposed buildings and their distance from lot boundaries.
3	Any existing and proposed easements, substations and services.
4	Vehicle access points.
5	Proposed surfacing of parking areas, driveways, vehicle turning areas and loading areas (locations and dimensions).
6	Landscape and open space areas including types of planting, details of screening and/or fencing (locations and descriptions).
7	The proximity of adjoining buildings and their uses.
8	The location of any bores on the subject property and adjoining land.
9	The location of any proposed and/or existing effluent disposal systems on the site.
Floor layout plans at a scale not less than 1:200, showing:	
1	Dimensioned floor plans of existing and proposed buildings showing layout, partitioning, room sizes, uses.
2	A schedule stating the total area of each component use in the building, the total floor area and percentage of site cover.
Elevations and sections at a scale not less than 1:200, showing:	
1	All elevations of buildings, indicating finished floor levels, existing and finished ground levels and external finishes.
2	Sufficient cross-sections and longitudinal sections to show the relationship between structures and their respective heights.
