NORTHERN TERRITORY REGIONAL INVESTMENT STRATEGY

Final

21 June 2005

The Regional Investment Strategy for the Landcare Council of the Northern Territory was developed by Sinclair Knight Merz and Charles Darwin University with extensive input and guidance from members of the LCNT, and the Northern Territory and Australian Governments.

Contents

PART A: INTRODUCTION AND PROCESS	1
1. Introduction	2
2. Links to the NRM Plan	5
2.1 Introduction	5
2.2 Links between targets and proposed activities	6
2.2.1 Links between Resource Condition Targets and Minimum Matters	7
2.2.2 Links between resource condition targets, programs and guidelines for investor preferences	10
3. Outline of RIS Elements	14
3.1 Geographic location of investment	14
3.2 Activities address key issues	14
3.3 Monitoring and evaluation of regional plan implementation	16
3.3.1 Roles and responsibilities	19
3.4 Links with other regions	21
4. Process for Regional Investment Strategy Development	22
4.1 The process for stakeholder input	22
4.2 Criteria for identifying priority actions and investment	23
4.3 Communication of the RIS	24
4.4 Review of the Regional Investment Strategy	25
5. Risk assessment	27
5.1 Summary risk management plan	27
6. Potential Co-investors	29
6.1 Introduction	29
6.2 Interim funding investment	29
6.3 Relevant government programs and activities	32
6.3.1 Australian Government	32
6.3.2 Northern Territory Government	34
6.4 Research Organisations	34
6.4.1 Charles Darwin University	34
6.4.2 CSIRO Sustainable Ecosystems	35
6.4.3 Land and Water Australia	36
6.4.4 Desert Knowledge Cooperative Research Centre (CRC)	38
6.4.5 Tropical Savannas Cooperative Research Centre (CRC)	38

6.5	Industry	39
6.5.1	Northern Territory Cattlemen's Association	39
6.5.2	Meat and Livestock Australia	40
6.5.3	Northern Territory Seafood Council	40
6.5.4	Other relevant industries	40
6.6	Non-Government Organisations	40
6.6.1	Greening Australia NT	40
6.6.2	WWF Australia	41
6.7	Aboriginal Community	41
6.7.1	Land Councils	42
7.	Delivery of the NRM Plan and RIS	44
7.1	Assessment of Coordinator Network	44
7.2	Models of action delivery	46
	PART B: THE INVESTMENT STRATEGY ASSET PACKAGES, ACTIVITIES AND COST ALLOCATIONS	48
8.	Regional Investment Strategy Summary	48
8.1	Northern Territory Government Contributions	48
8.2	Quantum of investment 2004 - 2007	48
8.3	Investment Priorities	50
8.4	Investment by major threats	52
8.5	Investment by activity type	53
8.5.1	Activity type by asset package	54
8.6	Costing model for operations of the LCNT	56
8.7	Investment commitment limits	56
9.	Terrestrial Biodiversity	59
9.1	Regional overview and management issues	59
9.1.1	Overview	59
9.1.2	Management issues	59
9.2	Programs	60
9.3	Overview of Investment: Terrestrial Biodiversity	61
9.4	Milestones and outputs: Terrestrial Biodiversity	62
9.4.1	Prioritising and managing significant ecosystem species	63
9.4.2	Community involvement in biodiversity conservation	65
9.4.3	Integrating biodiversity with land management	66
9.4.4	Managing invasive species	67
10.	Land	68
10.1	Regional overview and management issues	68

10.1.1	Overview	68
10.1.2	Management issues	68
10.2	Programs	69
10.3	Overview of Investment Land	70
10.4	Milestones and outputs: Land	71
10.4.1	Preventing salinity	72
10.4.2	Managing invasive species	73
10.4.3	Implementing best practice and property planning to improve land condition	74
11.	Inland Water	77
11.1	Regional overview and management issues	77
11.1.1	Overview	77
11.1.2	Management issues	77
11.2	Programs	77
11.3	Overview of Investment: Inland Water	78
11.4	Milestones and outputs: Inland Water	79
11.4.1	Protecting Aquatic Ecosystems	80
12.	Coastal Marine	82
12.1	Regional overview and management issues	82
12.1.1	Overview	82
12.1.2	Management issues	82
12.2	Programs	83
12.3	Overview of Investment: Coastal Marine	84
12.4	Milestones and Outputs: Coastal Marine	85
12.4.1	Prioritising and Managing Significant Marine Ecosystems	86
12.4.2	Assessing Key Threats	87
12.4.3	Improving Stewardship and Integrated Management of Marine Resources	89
13.	Community Knowledge and Institutions	91
13.1	Regional overview and management issues	91
13.1.1	Overview	91
13.1.2	Management issues	91
13.2	Programs	92
13.3	Overview of Investment: Community Knowledge and Institutions	93
13.4	Milestones and outputs: Community Knowledge and Institutions	93
13.4.1	Increasing Capacity for Natural Resource Management	95
13.4.2	Using Effective Incentives	96
13.4.3	Conserving Indigenous Ecological Knowledge	97
13.4.4	Regionally Coordinating Natural Resource Management	98

13.4.5	Supporting Sustainable Enterprise	99
Appendix A	Abbreviations	100
Appendix B	Models of project engagement	101
Appendix C	Aboriginal Corporations and Ranger Groups	104
