

Welcome to the Children's Garden

This is a place for the young and the young at heart.

Cross this bridge to a tropical garden...

 where you can hide and play among palm groves, bananas and other exotic fruits.

 with a wide sandy beach for digging and making sand castles.

 a creek to float leaves down.

 a tree house to climb in.

 a grassy slope to roll down.

 and lots more.

We hope you have a great time here.

You are here
