

TABLE OF CONTENTS

1.	INTRODUCTION	1
2.	GOAL	1
3.	GUIDING PRINCIPLES.....	2
4.	OBJECTIVES.....	4
5.	NEW NORTHERN TERRITORY PARKS AND CONSERVATION MASTERPLAN.....	4
6.	THE BURT PLAIN BIOREGION	5
6.1	<i>BIOREGIONAL CONSERVATION PLANNING</i>	<i>5</i>
6.2	<i>SPATIAL COVERAGES AVAILABLE FOR THE BURT PLAIN BIOREGION.....</i>	<i>8</i>
6.3	<i>PHYSICAL CHARACTERISTICS.....</i>	<i>9</i>
6.4	<i>SOCIAL STRUCTURE AND LAND USES.....</i>	<i>13</i>
6.5	<i>PASTORAL INDUSTRY IN THE BURT PLAIN BIOREGION.....</i>	<i>16</i>
6.6	<i>CONSERVATION / ENVIRONMENTAL PROJECTS IN THE BURT PLAIN BIOREGION.....</i>	<i>20</i>
7.	APPROACH TO WILDLIFE SURVEY.....	34
7.1	<i>INTRODUCTION.....</i>	<i>34</i>
7.2	<i>STRATIFICATION OF THE BURT PLAIN BIOREGION</i>	<i>34</i>
7.2.1	<i>Pilot Stratification.....</i>	<i>35</i>
7.2.2	<i>Revised Stratification</i>	<i>41</i>
7.2.3	<i>Site Selection.....</i>	<i>42</i>
7.3	<i>SURVEY METHODOLOGY.....</i>	<i>43</i>
7.4	<i>IDENTIFICATION OF SPECIES OF CONSERVATION SIGNIFICANCE</i>	<i>44</i>
8.	WILDLIFE OF THE BURT PLAIN BIOREGION	47
8.1	<i>FLORA OF THE BURT PLAIN BIOREGION.....</i>	<i>47</i>
8.1.1	<i>Plant Taxa Recorded from the Burt Plain Bioregion.....</i>	<i>47</i>
8.1.2	<i>Frequency of Plant Records.....</i>	<i>64</i>
8.1.3	<i>The Burt Plain Bioregion's Flora in Context</i>	<i>64</i>
8.1.4	<i>Burt Plain-centric Plant Taxa.....</i>	<i>65</i>
8.1.5	<i>Significant Plant Taxa.....</i>	<i>66</i>
8.1.6	<i>Threatened Plant Taxa.....</i>	<i>70</i>
8.1.7	<i>Reservation Status</i>	<i>73</i>
8.1.8	<i>Plant Profiles</i>	<i>80</i>
8.2	<i>FAUNA OF THE BURT PLAIN BIOREGION.....</i>	<i>106</i>
8.2.1	<i>Vertebrate Fauna Recorded from the Burt Plain Bioregion</i>	<i>106</i>
8.2.2	<i>Frequency of Animal Records.....</i>	<i>112</i>
8.2.3	<i>The Burt Plain Bioregion's Fauna in Context.....</i>	<i>113</i>
8.2.4	<i>Burt Plain-centric Animal Species.....</i>	<i>114</i>
8.2.5	<i>Threatened Animal Species.....</i>	<i>114</i>
8.2.6	<i>Reservation Status</i>	<i>122</i>
8.2.7	<i>Vertebrate Fauna Profiles.....</i>	<i>124</i>
9.	IMPORTANT HABITATS OF THE BURT PLAIN BIOREGION	159
9.1	<i>INTRODUCTION.....</i>	<i>159</i>
9.2	<i>WETLANDS AND MESIC AREAS</i>	<i>159</i>

9.3	SITES OF BOTANICAL SIGNIFICANCE	163
9.3.1	<i>Sites of National Significance</i>	166
9.3.2	<i>Sites of Bioregional Significance</i>	173
9.3.3	<i>Sites of Undetermined Significance</i>	180
9.3.4	<i>Waterholes of Botanical Significance</i>	182
9.4	FLORA AND FAUNA 'HOTSPOTS'	183
10.	POTENTIAL AND EXISTING THREATENING PROCESSES	185
10.1	INTRODUCTION	185
10.2	WEEDS	185
10.2.1	<i>Declared Weeds</i>	185
10.2.2	<i>Introduced Plant Taxa / Environmental Weeds</i>	197
10.3	INTRODUCED ANIMAL SPECIES	209
10.4	FIRE	217
10.5	EROSION	220
10.6	PASTORALISM	223
10.7	LAND CLEARANCE	225
10.8	MINING / EXPLORATION	227
10.9	MILITARY EXERCISES	232
10.10	CLIMATE CHANGE	232
10.11	ROLES AND RESPONSIBILITIES	233
11.	ACKNOWLEDGEMENTS	235
12.	REFERENCES	236
	APPENDIX 1: SUMMARY OF WILDLIFE SURVEY METHODS	250

ACRONYMS USED IN THIS REPORT

AAPA	Aboriginal Areas Protection Authority
ACRES	Australian Centre for Remote Sensing (Australian Government, Geoscience Australia)
AFFA	Agriculture, Fisheries and Forestry Australia (Australian Government)
ALEC	Arid Lands Environment Centre
ANZECC	Australian and New Zealand Environment and Conservation Council
ARMCANZ	Agriculture and Resource Management Council of Australia and New Zealand
BMR	Bureau of Mineral Resources
BTEC	Brucellosis and Tuberculosis Eradication Campaign
CACIA	Central Australian Camel Industry Association
CLC	Central Land Council
CLMA	Centralian Land Management Association
CRC	Co-operative Research Centre
DPIFM	Department of Primary Industry, Fisheries and Mines (Northern Territory Government)
DEH	Department of the Environment and Heritage (Australian Government; formerly Environment Australia)
DIPE	Department of Infrastructure, Planning and Environment (former Northern Territory Government Department)
DIWA	Directory of Important Wetlands in Australia
DLPE	Department of Lands, Planning and Environment (former Northern Territory Government Department)
DK-CRC	Desert Knowledge Co-operative Research Centre
DPIF	Department of Primary Industry and Fisheries (now part of DPIFM, Northern Territory Government)
EA	Environment Australia (now the Department of the Environment and Heritage (DEH); Australian Government)
EMS	Environmental Management Systems
EPBC Act	The Australian Government's <i>Environment Protection and Biodiversity Conservation Act 1999</i> .
ESD	Ecologically Sustainable Development
IBRA	Interim Biogeographic Regionalisation for Australia
IDCO	Interim Development Control Order
INRMP	Integrated Natural Resource Management Plan
NHT	Natural Heritage Trust
OTL	Overland Telegraph Line
PWCNT	Parks and Wildlife Commission of the Northern Territory (now Parks and Wildlife Service, part of NRETA, Northern Territory Government)
QNPWS	Queensland National Parks and Wildlife Service
NRETA	Natural Resources, Environment and the Arts (Northern Territory Government)
NGO	Non-Government Organisation
NRM	Natural Resource Management
NRMMC	Natural Resource Management Ministerial Council
NTGS	Northern Territory Geological Survey (DPIFM, Northern Territory Government)
PMP	Property Management Plan
PWS	Parks and Wildlife Service (part of NRETA, Northern Territory Government)
RHD	Rabbit Haemorrhagic Disease
RHDV	Rabbit Haemorrhagic Disease Virus
SADEH	South Australian Department for Environment and Heritage
T&W	Department of Transport and Works (former Northern Territory Government Department)
TSN	Threatened Species Network

LIST OF TABLES

Table 6.1	Condition attributes by subregion for the Burt Plain Bioregion used to derive a landscape stress class.	7
Table 6.2	Spatial coverages available for the Burt Plain Bioregion.	9
Table 6.3	Spatial coverages of limited use for the stratification of the Burt Plain Bioregion.	9
Table 6.4	Protected areas in the Burt Plain Bioregion.....	15
Table 6.5	Brief history of the development of the pastoral industry in the Alice Springs region.....	16
Table 6.6	Summary of projects with conservation / environmental outcomes which have, or are being undertaken in, but not necessarily confined to, the Burt Plain Bioregion, or are relevant to land management issues in the bioregion.	20
Table 7.1	Summary of 53 land systems in, or intersecting, the Burt Plain Bioregion.	37
Table 7.2	Summary of some of the attributes of the 18 geological classes shown in Figure 7.8 which are likely to influence vegetation community pattern across the Burt Plain Bioregion.....	42
Table 8.1	Plant taxa recorded from the Burt Plain Bioregion.....	48
Table 8.2	Similarity of the flora of the Burt Plain Bioregion with neighbouring bioregions and southern region conservation reserves over 1,000 hectares in size.....	65
Table 8.3	Plant taxa with at least 75% of their records in the Burt Plain Bioregion.	66
Table 8.4	Summary of significant plant taxa occurring in the Burt Plain Bioregion.	66
Table 8.5	Significant plant taxa occurring in the Burt Plain Bioregion.	67
Table 8.6	Threatened and data deficient plant taxa that have been recorded from the Burt Plain Bioregion.	70
Table 8.7	Near threatened plant taxa that have been recorded from the Burt Plain Bioregion.....	72
Table 8.8	Poorly reserved native plant taxa that have been recorded from the Burt Plain Bioregion.	73
Table 8.9	Nationally significant plant taxa of the Burt Plain Bioregion and surrounds for which a profile follows.	80
Table 8.10	Vertebrate fauna recorded from the Burt Plain Bioregion.	107
Table 8.11	Similarity of the vertebrate fauna of the Burt Plain Bioregion with neighbouring bioregions and southern region conservation reserves over 1,000 hectares in size.....	113
Table 8.12	Vertebrate animals with at least 25% of their records in the Burt Plain Bioregion.....	114
Table 8.13	Threatened and data deficient vertebrate animals that have been recorded from the Burt Plain Bioregion.	116
Table 8.14	Near threatened vertebrate animals that have been recorded from the Burt Plain Bioregion.	119
Table 8.15	Recent changes to the conservation status of vertebrate animals occurring in the Burt Plain Bioregion under the <i>Territory Parks and Wildlife Conservation Amendment Act 2000</i>	120
Table 8.16	Poorly reserved native vertebrate animals that have been recorded from the Burt Plain Bioregion.	122

Table 8.17	Significant vertebrate fauna species of the Burt Plain Bioregion and surrounds for which a profile follows.	124
Table 9.1	Summary of wetland types of the Burt Plain Bioregion.....	160
Table 9.2	Important Wetlands of the Burt Plain Bioregion.....	161
Table 9.3	Bird species recorded from the Burt Plain Bioregion that are protected under bilateral conservation treaties and/or migratory species lists.	163
Table 9.4	Sites of botanical significance in, or intersecting, the Burt Plain Bioregion based on IBRA 5.1.....	164
Table 10.1	Weeds currently declared in the Northern Territory that are known to occur in the Burt Plain Bioregion.	186
Table 10.2	Introduced plants / environmental weeds known to occur in the Burt Plain Bioregion.	198
Table 10.3	Introduced vertebrate animals known to occur, or have occurred, in the Burt Plain Bioregion.	209
Table 10.4	Common soil types of the land systems occurring in the Burt Plain Bioregion.	221
Table A1.1	Biodiversity Conservation (South) habitat and vegetation attribute proforma.	253

LIST OF BOXES

Box 1	Conservation Strategies and Initiatives.....	8
Box 2	Land Clearing Policy and Regulations in the Northern Territory.....	227

LIST OF FIGURES

Figure 6.1	Bioregions of the Northern Territory.....	6
Figure 6.2	Subregions of the Burt Plain Bioregion.	6
Figure 6.3	The topography of the Burt Plain Bioregion.....	10
Figure 6.4	Landsat MSS 421 RGB image of the Burt Plain Bioregion.....	10
Figure 6.5	Major river / drainage systems of the Burt Plain Bioregion.....	11
Figure 6.6	Simplified geology of the Burt Plain Bioregion derived from 1:250,000 geological map sheets.....	12
Figure 6.7	Aerial radiometrics for the Burt Plain Bioregion.....	13
Figure 6.8	The infrastructure of the Burt Plain Bioregion.....	15
Figure 7.1	Pilot stratification scheme for the Burt Plain Bioregion.	35
Figure 7.2	Land System classification of Perry <i>et al.</i> (1962) for the Alice Springs region including the Burt Plain Bioregion.....	36
Figure 7.3	The IBRA 5.1 Burt Plain Bioregion boundary compared with the boundary derived from the Land System classification of Perry <i>et al.</i> (1962).....	36
Figure 7.4	Physiographic classes for the Burt Plain Bioregion derived from the 1:1,000,000 Land System classification of Perry <i>et al.</i> (1962).....	38
Figure 7.5	Aerial Radiometrics / Slope (ARAD-Slope) classes for the Burt Plain Bioregion derived from the Northern Territory Geological Survey (NTGS) Aerial Radiometrics coverage and Digital Terrain Model.....	40
Figure 7.6	Vegetation structure classes for the Burt Plain Bioregion derived from the 1:1,000,000 Vegetation Map of Wilson <i>et al.</i> (1990).....	40
Figure 7.7	Pilot stratification of the Burt Plain Bioregion derived from the combination of Physiography, ARAD-Slope and Vegetation Structure classes.	41
Figure 7.8	Generalised geology classes for the Burt Plain Bioregion derived from 1:250,000 geological map sheets.	42
Figure 7.9	Pre-existing flora data for the Burt Plain Bioregion.....	45
Figure 7.10	Pre-existing vertebrate fauna data for the Burt Plain Bioregion.....	45
Figure 8.1	The number of plant records for quarter degree cells across the Burt Plain Bioregion.	64
Figure 8.2	The known location of threatened plant taxa occurring in the southern region of the Northern Territory.	72
Figure 8.3	The number of vertebrate fauna records for quarter degree cells across the Burt Plain Bioregion.....	112
Figure 8.4	The known location of threatened vertebrate animals occurring in the southern region of the Northern Territory.	117
Figure 9.1	Important wetlands of the Burt Plain Bioregion.....	162
Figure 9.2	Sites of botanical significance in, or intersecting, the Burt Plain Bioregion based on IBRA 5.1.....	164
Figure 9.3	Osborne and Crawford Ranges site of botanical significance (21-4-1).....	167
Figure 9.4	Stirling Swamp site of botanical significance (21-4-7).	168
Figure 9.5	Bush Potato site of botanical significance (22-4-1).....	169
Figure 9.6	Dulcie Ranges site of botanical significance (22-5-2).....	171
Figure 9.7	Mount Hay site of botanical significance (23-3-3).....	172
Figure 9.8	Central Mount Stuart site of botanical significance (21-3-2).	174

Figure 9.9	Barrow Creek site of botanical significance (21-4-3).	175
Figure 9.10	Yuendumu South site of botanical significance (22-2-3).....	176
Figure 9.11	Upper Plenty River site of botanical significance (22-4-3).	177
Figure 9.12	Everard Scrub site of botanical significance (23-4-17).	179
Figure 9.13	Mount Long / Mount Mary site of botanical significance (23-5-4).....	180
Figure 9.14	'Hotspots' for flora in the Burt Plain Bioregion.	183
Figure 9.15	'Hotspots' for vertebrate fauna in the Burt Plain Bioregion	184
Figure 9.16	Significant bird, mammal, reptile and frog records in the Burt Plain Bioregion.	184
Figure 10.1	The known location of declared weed taxa occurring in the southern region of the Northern Territory.	196
Figure 10.2	The known location of environmental weeds occurring in the southern region of the Northern Territory which have the potential to significantly impact on biodiversity values in the Burt Plain Bioregion.	207
Figure 10.3	The known location of introduced vertebrate animals occurring in the southern region of the Northern Territory.	216
Figure 10.4	Unburnt areas of the Burt Plain Bioregion over the period 1970 to 2004.....	218
Figure 10.5	Fire history of the Burt Plain Bioregion from 1970 to 2004.	219
Figure 10.6	Geological regions of the Northern Territory.	228
Figure 10.7	Basement geology of the Burt Plain Bioregion.	228

LIST OF PLATES

Plate 8.1	<i>Austrostipa centralis</i>	81
Plate 8.2	Bluebush Daisy <i>Cratystylis centralis</i>	82
Plate 8.3	Desert Broom-bush <i>Daviesia eremaea</i>	83
Plate 8.4	Dwarf Desert Spike-rush <i>Eleocharis papillosa</i>	84
Plate 8.5	<i>Gossypium nelsonii</i>	87
Plate 8.6	<i>Hakea grammatophylla</i>	88
Plate 8.7	Bush Potato <i>Ipomoea</i> sp. <i>Stirling</i> (P.K. Latz 10408).....	90
Plate 8.8	<i>Isotoma luticola</i>	91
Plate 8.9	<i>Ixiochlamys integerrima</i>	92
Plate 8.10	<i>Kohautia australiensis</i>	93
Plate 8.11	Mt Sonder Beard-heath <i>Leucopogon sonderensis</i>	94
Plate 8.12	MacDonnell Ranges Cycad <i>Macrozamia macdonnellii</i>	95
Plate 8.13	<i>Ptilotus aristatus</i> var. <i>exilis</i>	97
Plate 8.14	Water Pimpernel <i>Samolus eremaeus</i>	99
Plate 8.15	<i>Sauropus ramosissimus</i>	100
Plate 8.16	<i>Scaevola graminea</i>	101
Plate 8.17	Pink Rock-wort <i>Sedopsis filsonii</i>	103
Plate 8.18	<i>Sida</i> sp. <i>Hale River</i> (P.K. Latz 12036).....	104
Plate 8.19	Uluru Triggerplant <i>Stylidium inaequipetalum</i>	105
Plate 8.20	Bush Stone-curlew <i>Burhinus grallarius</i>	120
Plate 8.21	Red-tailed Black-cockatoo <i>Calyptorhynchus banksii samueli</i>	120
Plate 8.22	Flock Bronzewing <i>Phaps histrionica</i>	120
Plate 8.23	Pale Field-rat <i>Rattus tunneyi</i>	120
Plate 8.24	Long-haired Rat <i>Rattus villosissimus</i>	121
Plate 8.25	King Brown Snake <i>Pseudechis australis</i>	121
Plate 8.26	Western Brown Snake <i>Pseudonaja nuchalis</i>	121
Plate 8.27	Centralian Blind Snake <i>Ramphotyphlops centralis</i>	121
Plate 8.28	Ridge-tailed Monitor <i>Varanus acanthurus</i>	121
Plate 8.29	Black-tailed Monitor <i>Varanus tristis</i>	121
Plate 8.30	Striated Grasswren <i>Amytornis striatus striatus</i>	125
Plate 8.31	Australian Bustard <i>Ardeotis australis</i>	126
Plate 8.32	Chestnut Quail-thrush <i>Cinclosoma castanotus</i>	127
Plate 8.33	Grey Honeyeater <i>Conopophila whitei</i>	128
Plate 8.34	Emu <i>Domaius novaehollandiae</i>	129
Plate 8.35	Red Goshawk <i>Erythrotriorchis radiatus</i>	130
Plate 8.36	Grey Falcon <i>Falco hypoleucos</i>	131
Plate 8.37	Malleefowl <i>Leipoa ocellata</i>	132
Plate 8.38	Malleefowl nest mound.....	132
Plate 8.39	Malleefowl tracks.....	132
Plate 8.40	Scarlet-chested Parrot <i>Neophema splendida</i>	133
Plate 8.41	Night Parrot <i>Pezoporus occidentalis</i>	134
Plate 8.42	Princess Parrot <i>Polytelis alexandrae</i>	135
Plate 8.43	Australian Painted Snipe <i>Rostratula australis</i>	136
Plate 8.44	Kultarr <i>Antechinomys laniger</i>	137

Plate 8.45	Mulgara <i>Dasyercus cristicauda</i>	138
Plate 8.46	Western Quoll <i>Dasyurus geoffroii geoffroii</i>	139
Plate 8.47	Golden Bandicoot <i>Isodon auratus auratus</i>	140
Plate 8.48	Spectacled Hare-wallaby <i>Lagorchestes consoicillatus leichardti</i>	141
Plate 8.49	Mala or Rufous Hare-wallaby <i>Lagorchestes hirsutus</i>	142
Plate 8.50	Ghost Bat <i>Macroderma gigas</i>	143
Plate 8.51	Greater Bilby <i>Macrotis lagotis</i>	144
Plate 8.52	Southern Marsupial Mole <i>Notoryctes typhlops</i>	145
Plate 8.53	Southern Marsupial Mole tracks	145
Plate 8.54	Northern Nailtail Wallaby <i>Onychogalea unguifera</i>	146
Plate 8.55	Black-footed Rock-wallaby <i>Petrogale lateralis</i>	147
Plate 8.56	Red-tailed Phascogale <i>Phascogale calura</i>	148
Plate 8.57	Long-tailed Planigale <i>Planigale ingrami</i>	149
Plate 8.58	Characteristic flattened head of the minute Long-tailed Planigale	149
Plate 8.59	Narrow-nosed Planigale <i>Planigale tenuirostris</i>	150
Plate 8.60	Central Pebble-mound Mouse <i>Pseudomys johnsoni</i>	151
Plate 8.61	Common Brushtail Possum <i>Trichosurus vulpecula vulpecula</i>	152
Plate 8.62	Central Rock-rat <i>Zyzomys pedunculatus</i>	153
Plate 8.63	Woma Python <i>Aspidites ramsayi</i>	154
Plate 8.64	Great Desert Skink <i>Egernia kintorei</i>	155
Plate 8.65	Slater's Skink <i>Egernia slateri slateri</i>	156
Plate 8.66	Centralian Carpet Python <i>Morelia bredli</i>	157
Plate 8.67	Giant Frog <i>Cyclorana australis</i>	158
Plate 10.1	Paterson's Curse <i>Echium plantagineum</i>	194
Plate 10.2	Mesquite <i>Prosopis pallida</i>	194
Plate 10.3	Khaki Weed <i>Alternanthera pungens</i>	194
Plate 10.4	Rubber Bush <i>Calotropis procera</i>	194
Plate 10.5	Saffron Thistle <i>Carthamus lanatus</i>	194
Plate 10.6	Mossman River Grass <i>Cenchrus echinatus</i>	194
Plate 10.7	Devil's Rope Pear <i>Opuntia imbricata</i>	194
Plate 10.8	Parkinsonia <i>Parkinsonia aculeata</i>	194
Plate 10.9	Castor Oil Plant <i>Ricinus communis</i>	194
Plate 10.10	Coffee Senna <i>Senna occidentalis</i>	195
Plate 10.11	Athel Pine <i>Tamarix aphylla</i>	195
Plate 10.12	Caltrop <i>Tribulus terrestris</i>	195
Plate 10.13	Bathurst Burr <i>Xanthium spinosum</i>	195
Plate 10.14	Noogoora Burr <i>Xanthium strumarium</i>	195
Plate 10.15	Native Thornapple <i>Datura leichhardtii</i>	195
Plate 10.16	Mexican Poppy <i>Aremone ochroleuca subsp. ochroleuca</i>	195
Plate 10.17	Longspine Thornapple <i>Datura ferox</i>	195
Plate 10.18	Downy Thornapple <i>Datura innoxia</i>	195
Plate 10.19	Spiny Emex <i>Emex australis</i>	196
Plate 10.20	Common Prickly Pear <i>Opuntia stricta var. stricta</i>	196
Plate 10.21	Spiny-head Sida <i>Sida acuta</i>	196
Plate 10.22	Buffel Grass <i>Cenchrus ciliaris</i>	206
Plate 10.23	Couch Grass <i>Cynodon dactylon</i>	206

Plate 10.24	Verano Stylo <i>Stylosanthes hamata</i>	206
Plate 10.25	Red Natal Grass <i>Melinis repens</i>	206
Plate 10.26	Gallon's Curse <i>Cenchrus biflorus</i>	206
Plate 10.27	Feathertop Rhodes Grass <i>Chloris virgata</i>	206
Plate 10.28	Spiked Malvastrum <i>Malvastrum americanum</i>	206
Plate 10.29	Ruby Dock <i>Acetosa vesicaria</i>	206
Plate 10.30	Cobblers Pegs <i>Bidens bipinnata</i>	206
Plate 10.31	Small-flower Mallow <i>Malva parviflora</i>	207
Plate 10.32	Tall Fleabane <i>Conyza bonariensis</i>	207
Plate 10.33	Wild Turnip <i>Brassica tournefortii</i>	207
Plate 10.34	Pitted Lovegrass <i>Eragrostis barrelieri</i>	207
