Offshore Petroleum Act 2006

COMMONWEALTH OF AUSTRALIA

NOTICE OF INVITATION OF APPLICATIONS FOR EXPLORATION PERMIT

I, ALAN CHARLES HOLLAND, the Delegate of the Designated Authority in respect of the offshore area in respect of the Northern Territory, for and on behalf of the Commonwealth – Northern Territory Offshore Petroleum Joint Authority, in pursuance of section 82(1) of the *Offshore Petroleum Act 2006* of the Commonwealth of Australia, hereby invite applications for the grant of exploration permits in respect of the following blocks within the area as described in the Schedule.

Dated 14th July, 2008.

Made under the *Offshore Petroleum Act* of the Commonwealth of Australia.

A. HOLLAND
 Delegate of the Designated Authority
 for and on behalf of the Commonwealth - Northern Territory Offshore Petroleum Joint Authority
 Pursuant to the Instrument of Delegation dated 12 June 2007

SCHEDULE

(The references hereunder are to the names of the map sheets of the 1:1,000,000 series and to the numbers of graticular sections shown thereon.)

The Commonwealth/State/Territory jurisdictional boundary in coastal waters is determined by the Australian Maritime Boundaries Information System Dataset of 2000, released in January 2001 by the Australian Surveying and Land Information Group (now Geoscience Australia National Mapping Division).

Section 246 of the *Offshore Petroleum Act 2006* provides that, where a change to the baseline of Australia's territorial sea would impact on the boundary of an existing petroleum title (in Commonwealth or State or Territory waters), there is in fact no such impact. The Commonwealth, State or Territory Act (as the case may be) under which the title has been granted, continues to apply to the title and the whole title area for as long as the title remains in force. Therefore, this Instrument does not apply to any such area that is already under title.
