

Annual Review 1 October 2008

What is the annual review?

The annual review is when your NTGPASS contribution salary is adjusted to take into account any salary increases, promotions or changes to your part-time status during the previous twelve months. The annual review takes place on 1 October. Your new contribution salary for the 2008-09 year is the salary and approved allowances that you are in receipt of as at 1 October 2008. Changes resulting from this year's annual review will take effect on payday 2 October 2008 (pay 7).

What do I have to do?

If you wish to vary your percentage rate please complete Part A of the form below, sign it, and return it by fax, email or post to your payroll section by 12 September 2008. Your payroll section will update your superannuation salary and fortnightly contribution.

If you wish to remain contributing at your current percentage rate you do not need to do anything.

What if my salary has decreased?

If you think your salary and/or approved allowances may have decreased (other than due to undertaking or varying part-time employment) you may elect to have your contribution amount calculated on your previous higher contribution salary, that is the contribution salary recorded on 1 October 2007. To do this, please check the box in Part B of the form below, sign it in the space provided and return it by fax, email or post to your payroll section by 12 September 2008.

Please refer to our website www.nt.gov.au/ntt/super for more information on NTGPASS or contact the NT Superannuation Office on (08) 8901 4200.
