

# Pension Application Form

## 1. Who should use this form

You should use this form if you are an NTGPASS member and wish to commence an NTGPASS allocated pension. You must have previously completed a Benefit Claim Form to claim your NTGPASS and/or NTSSS benefit. Refer to the fact sheet on *How Investment Returns Affect Your Super Benefit* for information on benefit processing.

Active members are not eligible for an NTGPASS pension until they have ceased employment. Active members are those currently employed by the Northern Territory public service and contributing between 2 to 6 per cent of salary to NTGPASS.

We recommend that you read the *Allocated Pension Information Booklet* and *Member Investment Choice Fact Sheet* before completing this form.

## 2. Choosing your pension

You can apply for a standard pension if you have reached your preservation age and are retired permanently from the workforce.

You can apply for a pre-retirement pension if you are between 55 and 64 years of age and work for more than 10 hours per week.

A minimum of \$50 000 is required to commence a standard or pre-retirement pension.

## 4. Pension amount

You must choose the annual pension amount you want to receive. Each financial year, you must withdraw a minimum percentage of your pension account balance (set by the Commonwealth). This percentage is determined by your age on 1 July each year as shown in the following table.

**Table 1: Minimum Pension Percentages**

Age	% of Account Balance
Under 65	4%
65-74	5%
75-79	6%
80-84	7%
85-89	9%
90-94	11%
95 and over	14%

*Note: The Commonwealth has determined that the minimum annual pension amounts outlined in the table above will be halved for 2008-09 and 2009-10.*

A maximum annual pension percentage of 10 per cent of your pension account balance applies to the pre-retirement pension. There is no maximum annual percentage for the standard pension.

If you commence your pension on a day other than 1 July, your requested pension amount is proportionally allocated according to the number of days left in the financial year.

## 5. Pension frequency

You can choose to have your pension paid to you semi-monthly, monthly, quarterly or annually. Pension payment dates are the 14th and/or 28th of each month.

Pension payments can only be paid to an Australian bank account in your name or in joint names.

## 6. Member investment choice

All NTGPASS members have the same six pre-mixed investment options from which to choose.

Each investment option contains a different mix of growth and defensive assets designed to cater for a variety of personal circumstances and attitude to risk.

Growth assets comprise property and shares while defensive assets comprise fixed interest and cash.

The Growth option is the default for superannuation members. There is no default option for pension members.

The growth and defensive asset weighting for the six investment options is illustrated in Table 2, below.

**Table 2: Investment Options**

Investment Option	Growth assets (%)	Defensive assets (%)
Managed Cash	0	100
Conservative	30	70
Cautious	50	50
Growth	75	25
Assertive	85	15
Aggressive	100	0

You can choose to invest your pension account in any or all of the six investment options. You must select at least one of the investment options for your pension account as there is no default option. If you elect to choose more than one option you will need to specify a percentage amount for each option.

## 7. Pension draw down options

If you choose to invest your account in more than one investment option, you will need to decide from the following methods how your payments will be drawn down.

**Method 1: Priority basis.** This payment method allows you to specify the order of investment options from which your payments will be drawn down.

Payments are drawn from the priority one option until funds from that option are exhausted, then automatically drawn from the next priority option.

Example: Mr Smith has an account balance of \$200 000

Investment Option	Priority	Account Balance	%	Semi-monthly withdrawal	Balance after withdrawal
Growth	2	\$140 000	70		\$140 000
Man. Cash	1	\$40 000	20	\$1500	\$38 500
Aggressive	3	\$20 000	10		\$20 000
<b>Total</b>		<b>\$200 000</b>	<b>100</b>	<b>\$1500</b>	<b>\$198 500</b>

Note: investment earnings have not been included in this example.

**Method 2: Pro-rata basis.** Payments can be drawn down from all chosen options on a pro-rata basis. This is the default method if no advice is provided.

Example: Mr Smith has an account balance of \$200 000

Investment Option	Account Balance	%	Semi-monthly withdrawal	Balance after withdrawal
Growth	\$140 000	70	\$1050	\$138 950
Man. Cash	\$40 000	20	\$300	\$39 700
Aggressive	\$20 000	10	\$150	\$19 850
<b>Total</b>	<b>\$200 000</b>	<b>100</b>	<b>\$1500</b>	<b>\$198 500</b>

Note: investment earnings have not been included in this example.

Each member is entitled to one free switch in a financial year. Each additional switch made in a financial year will incur a \$25 fee that will be deducted from your account.

## 8. Reversionary nomination

You may nominate an eligible beneficiary who can receive your pension payments in the event of your death. If you do not nominate a beneficiary, your remaining pension account balance will be paid to your estate. Eligible beneficiaries include:

- spouse
- defacto
- same sex partner
- dependent children

## 9. Fees

### Investment management fees

Investment management fees represent the costs charged by our investment managers for managing your investments. Investment management fees are deducted from investment returns before the rate of return is determined. This means investment returns applied to your account are net of investment management fees.

### Administration fees

Administration fees of \$0.75 per week (\$39 per year) are deducted from your pension account on 30 June each year.

### Withdrawal fees

You will not be charged for the first 3 lump sum withdrawals in a financial year. A fee of \$25 is charged to your pension account for each additional lump sum withdrawal made in a financial year.

### Switch fees

You will not be charged for the first investment choice switch you make in a financial year. A fee of \$25 is charged to your pension account for each additional switch made in a financial year.

## 10. Declaration and identification

You must attach a tax file number declaration (obtainable from our website) and appropriate identification.

Under Commonwealth Government legislation, you are required to show proof of your identity by providing **original** or **certified copies** of identity documents that verify your full name, date of birth and current residential address, for example your driver's licence.

The Superannuation Office will only accept identity documents that are in accordance with the Anti-Money Laundering and Counter-Terrorism Financing Rules. For a list of acceptable identity documents, please refer to our fact sheet *Proving Your Identity*, available from our website.

If you provide certified copies of identity documents, you must also get the authorised certifier to complete the form *Identity Certification* and return it to our office with your application.

## 11. More information

We can not provide personal financial advice. If you require assistance in selecting an investment or payment option, you can seek the services of a qualified professional.

We have a range of information and fact sheets available to members. For more information you can contact our office or visit our website.

## 12. Disclaimer

The information made available in this form is provided as a guide only and should not be relied upon for making financial commitments.

The Commissioner of Superannuation and the Northern Territory of Australia accept no responsibility for any losses arising from any use or reliance upon the information or conclusions reached using the information.

# Pension Application Form

## Personal details
