# L39 - Learner Approved Motorcycle Scheme List of Approved Motorcycles

On 1 July 2008 the Northern Territory introduced the Learner Approved Motorcycle Scheme (LAMS) which identifies motorcycles that are considered suitable for the novice rider (refer to [Information Bulletin L38](#) for further information).

Learner Approved Motorcycles have a maximum power to weight ratio of 150 kilowatts per tonne and an engine capacity that does not exceed 660cc.

Motor Vehicle Registry will update the List of Approved Motorcycles when additional makes/models are approved by the Registrar of Motor Vehicles.

The LAMS motorcycle restriction will apply to all novice riders and it is the responsibility of the novice rider to ride only LAMS motorcycles that appear on the following List of Approved Motorcycles.

### Eligible Motorcycles with an engine capacity 0-260cc
